DETAILED ACTION

Applicants' response was received 05/13/2009.

- Terminal Disclaimer is accepted.
- Double Patenting rejection withdrawn.
- Claims 1, 3, 4 and 6-16 are allowed.

Application is allowed.

REASONS FOR ALLOWANCE

Claims 1, 3, 4 and 6-16 are allowed. The following is an Examiner's statement of reasons for allowance:

Independent claim 1 of the present application teaches a method of scheduling a plurality of HARQ processes involving packet combining in a mobile communication system, wherein a plurality of HARQ processes are established in a transmitter and a receiver, said method comprising the steps of: configuring a plurality of HARQ processes of unrestricted use for data flows having predetermined quality of service requirements and configuring at least one reserved HARQ process for data flows of high priority with specific quality of service requirements wherein the reserved HARQ process is restricted to some lower modulation coding scheme levels in accordance with a memory size of a soft buffer reserved HARQ process. The foregoing limitations are not found in the prior arts of record. Particularly, none of the prior arts of record teach nor fairly suggest, alone or in combination, "...configuring a plurality of HARQ processes of unrestricted use for data flows having predetermined quality of service requirements and *configuring at least one reserved HARQ process for data flows of high priority with specific*

quality of service requirements wherein the reserved HARQ process is restricted to some lower modulation coding scheme levels in accordance with a memory size of a soft buffer reserved HARQ process."

Dependent claims 3, 4 and 6-16 depend from allowable independent claim 1 and inherently include limitations therein and therefore are allowed as well.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to M. MUJTABA K. CHAUDRY whose telephone number is (571)272-3817.
